Communication/Technology

We use a variety of tech communication tools to communicate with one another and to organize our schedule. Please review the following.

1. Slack - Request an invite by emailing secretary@npnurseryschool.org.

We use slack as a communication tool to discuss everything from events, announcements, work day swaps, classroom curriculum.

2. Remind - Join by texting @npns23-24 to 81010

This is a text alert system in case school needs to close early, or has an emergency closure.

3. Website - create an account on our website npnurseryschool.org. On the top you'll see Current Students. There you can create an account.

This is where our schedule is, where you sign up for e-days, see our newsletter and more.
